SPECIFICATION SHEET FOR TOROIDAL TRANSFORMERS

Company Name: _____ Contact Name: _____ Date: _____

Address: _____ Telephone: _____

City: _____ State: _____ Zip: _____ Fax: _____

Email Address: _____ Website: _____

Application: _____

Customer P/N: _____ New Program Existing Program Quote Prices on: _____ pcs

ELECTRICAL DATA

Total Power Rating (VA): _____ Duty Cycle: _____ %

Input Voltages: 100V 120V 208V 220V 230V 240V 277V Other: _____ V

Line Frequency: 60Hz 50/60Hz 400Hz Other: _____ Hz

Thermal Protection: Auto Resettable Non-Resettable

Insulation System: Class A (105°) Class B (130°) Class F (____°) **155**

PHYSICAL DATA

Not Critical Maximum Diameter: _____ Maximum Height: _____

• Mounting Method: Standard Steel Washer/Insulating Pads Potted Center Drilled Hole or Threaded Insert
 Enclosure Other

• Safety Agency Requirements: UL CSA IEC EN CE Medical - Leakage Current _____ μ A
